LABEL

# HOT SHOT

## ULTRA BED BUG & FLEA KILLER

#### WHERE TO USE:

Treat cracks & crevices like the  
bed frame & box springs.

#### APPLICATION:

Spray intended use areas until damp  
(not less than 3 seconds).  
DO NOT SATURATE.

#### HOW OFTEN TO USE:

Inspect area and apply every two  
weeks while bed bugs are present.

Fresh Linen Scent • Non-Staining

#### TREATMENT

If you have detected bed bugs by using the products  
below, being bitten or observing bed bugs, bed bug  
eggs or excrement in mattress tufts and bedding, you  
want to choose from one or more of the following  
product types depending on your needs:

- Use an aerosol product registered to treat bed bugs  
and bed bug eggs in cracks and crevices.
- Use a ready-to-use liquid product registered to treat  
bed bugs and bed bug eggs for spot treatment.
- Use a total release fogger registered to treat bed  
bugs and bed bug eggs for areas such as carpet,  
mattress and box spring surfaces, and furniture  
surfaces.
- Use a mattress treatment kit registered to treat bed  
bugs and bed bug eggs for mattresses and other  
household items.

#### PREVENTION

To help prevent the spread of bed bugs from already  
infested mattresses and box springs into uninfested  
areas, you want to use an appropriate mattress and  
box spring encasement.

#### DETECTION

If you have not seen any bed bugs or are in prevention  
mode and want to ensure you are still bed bug free,  
you want to detect using a combination of the  
following products:

- Hot Shot™ Bed Bug Interceptor™
- Hot Shot™ Bed Bug Glue Trap

#### BED BUG HOME PROTECTION CYCLE

FOR BEST RESULTS  
USE THIS PRODUCT AS PART OF  
A COMPREHENSIVE BED BUG  
TREATMENT PLAN

Treating bed bugs as part of a cycle is key  
to gaining control.

Because infestations may be at a different part of  
the cycle when treatment begins, the following  
information will help you determine the best  
place to begin.

**†GUARANTEED:** If you are not satisfied with this product for any reason, send your written  
request for a refund to the address below, together with the dated store receipt showing the price you  
paid. Please allow 6-8 weeks for processing.

**NOTICE:** To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

## SHAKE WELL BEFORE USING

**STOP! READ ENTIRE LABEL BEFORE USE.**

## DIRECTIONS FOR USE

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

*For indoor residential use only.*

## HOW TO USE

***Shake well before using.*** Hold can at an angle and spray into cracks and crevices to treat for bed bugs. Spray surfaces until damp, moving the spray rapidly to prevent excessive wetting and waste of product. Application of product should be no less than a three second spray. Point spray away from people, pets and plants. Do not use as a room spray.

Remove pets and cover aquariums before spraying. Do not allow the spray to contact food or food-contacting surfaces.

Thoroughly wash dishes, utensils and countertops with soap and water if they are sprayed with this product.

## WHERE TO USE

### **To Kill Bed Bugs and Bed Bug Eggs:**

Apply as a spot treatment to cracks and crevices around baseboards, floorboards, bedboards and walls, night stand and dresser drawers, picture frames and wall hangings, crown molding, and door and window casings. Allow treated surfaces to dry thoroughly before use. Inspect area and repeat after 2 weeks, if necessary, while bed bugs are present. For persistent infestations consult a professional applicator.

### **To Treat Beds for Bed Bugs and Bed Bug Eggs:**

Disassemble the bed frame and remove bedding. Do not apply product to bedding. Do not saturate the mattress or box spring. Do not treat the entire surface of the mattress or box spring. Apply this product to the bed frame, mattress and box spring. Application to mattresses and box springs is intended for treatment of seams, edges and tufts only. Allow the spray to dry before using the mattress and/or box spring. Also apply the product to cracks and crevices in the sleeping area such as baseboards, behind pictures/wall hangings, along and underneath carpet edges and around other

articles/furniture in the bedroom or sleeping area. Do not apply to stuffed animals or toys.

**To Treat Luggage for Bed Bugs and Bed Bug Eggs:** Remove contents and spot treat areas that may harbor bed bugs, concentrating on corners, pockets inside the luggage and seams. Allow luggage to dry before reuse.

**To Kill Fleas and Ticks:** Inspect area to see if fleas or ticks are present. Spray infested areas, such as nearby cracks and crevices, along and behind baseboards, pet resting areas, window and door frames and localized areas of floor coverings. Test inconspicuous sample of fabric or rug for staining before use. Contact fleas and ticks directly with spray. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. ***Do not treat pets with this product.***

## STORAGE AND DISPOSAL

**Pesticide Storage:** Store in cool, dry area inaccessible to children and away from heat or open flame. Do Not Puncture or Incinerate!

**Pesticide Disposal and Container Handling:** Nonrefillable container. Do not reuse or refill this container.

**If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

## Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.**
