Restorer Wipe**

Contains: 1 Wipe

Do Not Flush

CAUTION: KEEP OUT OF REACH OF CHILDREN

Rejuvenate™
Make It NEW Again!™

Restore and protect your faded and sun-damaged possessions with Rejuvenate™ Outdoor Restorer Wipes. This technologically advanced formula restores faded outdoor surfaces to a brilliant shine.

- Helps restore color on vinyl, plastic and metal
- Protects from fading and sun damage
- Use on house lights, patio furniture, shutters, mailboxes and more
- Instantly restores years-old, worn-out look
- Non-greasy wipes are individually packaged for easy use and disposal

DIRECTIONS: Always test on an inconspicuous area first. Apply in a cool, shaded, dry area with optimal weather conditions – no rain or dew expected and low humidity. Never apply to a hot surface.

It's recommended to wear gloves during application.

1. **Clean** surface with mild soap and water to remove debris, stains or other residue. Allow surface to dry thoroughly.
2. **Open** pouch and use one Rejuvenate™ Outdoor Restorer Wipe to fully coat the desired area.
3. **Apply** light pressure in a single swipe to the intended surface with little or no overlap, from one row to the next, until the surface is completely coated.
4. **For faded** or very porous surfaces, a second coat may be required for optimal results. If applicable, allow the first coat to dry for 48 hours before applying a second coat.
5. **Discard** the wipe when the application is finished

PRECAUTIONARY STATEMENTS: KEEP OUT OF REACH OF CHILDREN AND PETS. No adverse effects are expected, but if ingestion or irritation occurs, consult a medical professional.

INGREDIENTS: Water, Styrene Acrylic Copolymer, 1,3-Benzenedicarboxylic Acid, Polymer with Hexanedioic Acid, 1,6-Hexanediol, 3-Hydroxy-2-(Hydroxymethyl)-2-Methylpropanoic Acid and 1,1'-Methylenebis[4-Isocyanatocyclohexane], Compound with N,N-Diethylethanamine, Anionic Paraffin/Polyethylene Coemulsion, Ethoxydiglycol, Tributoxyethyl Phosphate, Tripropylene Glycol Methyl Ether, Paraffin, Maleic Anhydride-Propylene Polymer, Zinc Ammonium Carbonate, Oxidized Polyethylene, C9-11 Alcohols Ethoxylated, Triethylamine, Alkyl Aryl Inorganic Acid Salt, Alcohol Alkoxylate, Potassium Carbonate, Partially Fluorinated Alcohol, Reaction Products with Phosphorus Oxide (P₂O₅), Potassium Hydroxide, Ammonium Salts, MEK, Diethylene Glycol Dibutyl Ether, Benzisothiazolinone, Ethoxylated Tetramethyldecylenediol, 2,4,7,9-Tetramethyl-5-Decyne-4,7-Diol, Treated Silica, Sodium Metabisulfite, BHT, Glycol Ethers, Silicone Copolyol, Glutaral, Magnesium Nitrate, Tin 2-Ethylhexanoate, Methylchloroisothiazolinone, Methylisothiazolinone.
